

Accessing Shared Activities

To access the activities that may have been shared for your child, you need to click on the 'activity' tab across the top.

From here, you will see the activities that have been shared for your child. You will. Be able to see a short description about the activity.

Accessing Shared Activities

Once you have decided on the activity you want to use, click anywhere in the red box. For example, I want to ask 'The Four Friends Story' so I can click anywhere within the following marked box:

The screenshot shows a web browser window with the URL pc.evidenceforlearning.net. The page displays a list of activities under the heading 'Parent Portal | The Redway School - Profile - Activities'. The activities are listed in a red-themed layout. The 'The Four Friends Story' activity is highlighted with a red box and a black arrow pointing to it from the text above.

The Four Friends Story
The activities are based on a traditional story from the Far East called The Four Friends. It is a story about how the four friends work together to grow an apple tree and then they help each other to pick and share the apples. To go with this story there are two additional activities. One is a sensory story in which the story is told alongside sensory activities to help pupils engage with the different parts of the story. The other is a science activity where pupils find out what seeds need to grow through creating egg heads with cress for hair.

1. Watch the video of the Four Friends story.
2. Print out the PDF of the book. Go through the story and ask questions such as:
Where is...?
How is ... helping?
What colour are the apples?
What did the seed need to grow into a tree?
3. To make the story more accessible try the sensory story. For this you will need:
feathers
rice in a plastic bottle
Piece of fur

Scroll down the page

1. Watch the video of the Four Friends story.

2. Print out the PDF of the book. Go through the story and ask questions such as:
Where is...?
How is ... helping?
What colour are the apples?
What did the seed need to grow into a tree?

3. To make the story more accessible try the sensory story. For this you will need:
feathers
rice in a plastic bottle
Piece of fur
water spray/ bowl of water
flour to explore
Piece of leather or a piece of hose
leaves and twigs
apple
apple puree or apple juice to taste

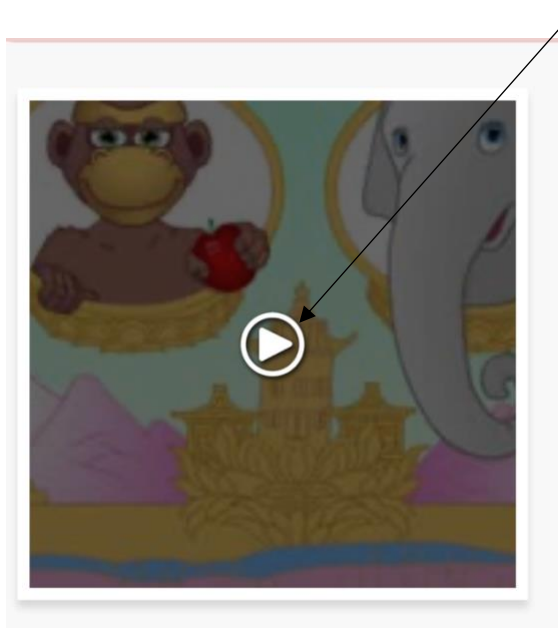

4. Try growing your own seeds by creating the cress egg heads and discover what seeds need to grow.
