

To have a strong partnership and good communication with parents/carers informing them about what is happening in school, we:

- Ensure that all written communication is “user friendly”, useful and informative.
- Use our home / schoolbooks as a daily form of communication.
- Publish regular informative whole school newsletters.
- Use the Evidence for Learning App for parents / carers to view the learning opportunities in which their child / young person has been participating.
- Hold Review meeting for a child / young person’s EHC Plan annually, and parent consultation meetings twice per year.
- Invite prospective parents / carers to visit the school, at a time convenient to both parties.
- Encourage parents / carers of pupils within the EYFS Department to come into school and spend time helping them to settle. This is led by Sam Lazard, Home Link Teacher. Please refer to the information regarding this in the EYFS Section of the website)
- Maintain and develop our school website, ensuring that it is updated on a regular basis.

We also have a parents / carers support groups which meet on a regular basis. Information regarding this, together with training and support for parents / carers is sent home once dates and information have been confirmed at the start of each term.

Should you wish for any further information regarding our partnership with parents please email parents@theredway.net
