Jennifer Berry, Specialist MSI Teacher
Supporting children and young people with vision and hearing Impairment

The Redway School
Belong • Believe • Become

Dear Parents,

In order for us to fully support your child, we hope that you will agree to me contacting the ophthalmology and audiology departments at the hospital which your child has attended. This will enable us to gain detailed information regarding their vision and hearing.

If you have any information you would like to share with me regarding your child's sight and hearing or if you have any questions, please do not hesitate to contact me at school (either by telephone or email.)

Thank you.

Yours sincerely

Jennifer Berry
